DYNAMIC PROFESSIONAL SERIES 2019

Since creating the commercial mixer in 1964, Dynamic has continued to develop and create an entire range of culinary preparation devices, used in professional kitchens throughout the world.

Knowledge and experience have brought great notoriety to our company. As well as being the specialist producer of commercial mixers,

DYNAMIC is also the manual salad spinners creator and offers a large range of manual food cutters.

100% French manufacturer, we have total control over all aspects of production which guarantee reliable, robust and high quality products.

Today, Dynamic is present all around the world through distributors and subsidiaries in Germany and North America. This enables Dynamic to continue to work alongside its customers, to react and respond with new products which reflect the needs of the catering and food preparation market.

Any changes to the order or the quote must be the subject of a written agreement between the Company and the customer.

3 - LEAD TIMES

Deliveries are made depending on supply and transport availability in the order in which the orders arrive, and according to the indications provided by the Company in its acceptance. The Company is authorised to make total or partial deliveries. Lead times are given for information and are not binding on the Company, especially in the event of force majeure or acts of God. No late delivery may entitle to the application of penalties or the payment of compensation, or deduction from the price or the cancellation of the order. In all cases, a customer shall only receive delivery if their situation relative to the Company is in order.

Consequently all transport, customs, insurance and handling operations are at the customer's expense and at their risks and perils. The customer must make sure the delivery is compliant and check for possible damage and missing items and, where applicable, issue the necessary reserves to the relevant organisations and transporters by registered letter with acknowledgement of receipt within 72 hours. The customer shall notify the Company of this.

5 - RETURNS

Any product returns must be the subject of a prior formal agreement between the Company and the customer. If accepted, 10% will be deducted for costs. Special orders cannot be returned.

- Or have the characteristics mutually defined between the parties.

- Or be fit for any special purpose sought by the customer, made known to the Company and accepted by the Company.

Goods are invoiced on the basis of the price applicable at the time of the order. Payments are made to the Company headquarters. Unless special terms are agreed, orders are payable in full on shipment of the goods. A discount of 0.5% per full month, generating a proportional reduction in VAT, shall be granted on the total amount excluding VAT in the event of early payment. Any other terms of payment must be the subject of a prior agreement. On failure to pay on the contractual due date,

late payment penalties equal to 3 times the legal interest rate shall be due automatically and without notice, starting from the 1st day late. Furthermore, a fixed compensation for debt recovery costs of 40 euros shall be due automatically and without notice. If the debt recovery costs are higher than this amount, additional compensation shall be due on presentation of proof. The Company may also suspend any further deliveries.

8 - OWNERSHIP

The Company retains full ownership of the sold goods until full payment by the customer. However, the risks of loss, theft or deterioration of the goods are exclusively borne by the customer as soon as the goods are made available to them. The failure to pay a term may lead to a claim for existing goods.

9 - COPYRIGHT

The drawings, models, plans and quotes, and more generally all types of document issued by the Company carry the exclusive copyright of the Company: they may not be communicated or performed without its written authorisation. They must be returned on request by the Company.

10 - RENOUNCEMENT

No late delivery, omission or any tolerance by the Company in the exercise of one of its rights resulting from this agreement shall be construed as a renouncement by the Company to the exercise of that right.

11 - JURISDICTION

In the event of a dispute, the Company and the customer in question shall undertake arbitration out of court by a single arbitrator, chosen mutually or, failing this, appointed on request from the most diligent party by the President of the Roche-sur-Yon commercial court.
