

TIPO 95

PA/PE 20/70

0% Bisphenol A
and Phthalates

Total absence of
Polyvinyl chloride

We only use first
quality materials

Total respect of the
limits imposed

Don't waste food, vacuum pack it, love your environment

PA/PE (polyamide/polyethylene) smooth vacuum bags are ideal to extend the shelf-life of any product, from the most delicate to those with sharp edges, they are available in different sizes and they are customizable with different size and colour prints.

Each certification vacuum pack bag is made of high quality polymers and two films are paired for maximum resistance and duration. The quality of the materials used in the bags and the certified Orved bag production technique allow type 95 smooth bags to prolong the shelf life of foods up to 4/5 times compared to traditional storage.

For storage in

Pantry

Refrigerator

Freezer

MIN: -25°C / MAX: 70°C-2h/100°C-15'

Film from a "flat head"
extruder

Fit for food
contact

Longer Vacuum
preservation thanks
to the thickness
constancy

Use of non-recycled
polymers

Certified ISO9001:2008
Quality Management
System for vacuum bags

Vacuum bags always
